Tulip's® TRUE NanoFat™

- ✓ Regenerative in nature, so results continue and tend to improve significantly over time
- ✓ Intradermally injectable in even the thinnest of skin
- ✓ Highly adaptive to office-based and surgical procedures
- ✓ Can be combined with Tulip® MicroFat™ to enhance your fat transfer procedures
- ✓ An integral part of nearly every technique you use

Tulip's® TRUE NanoFat™ System, whether used alone or enhanced with Tulip® MicroFat™, is the go-to solution for a wide variety of surgical and in-office procedures:

- Barcode lip
 - Blepharoplasty and/or under eye discoloration
 - Body contour revision
 - Breast augmentation & reconstruction
 - Burns (pediatric, radiation, etc.)
 - Facelift
 - Gluteal grafting
 - Microneedling
 - Neck lift & décolletage rejuvenation
 - Rhinoplasty
 - Scar and acne scar revision and/or wound healing
- And much more!

Tulip's® TRUE NanoFat™ Systems are your go-to source for a myriad of applications!

Explore the possibilities today at [nanofat.com](https://www.nanofat.com).
